

Wilsonart By You Design Policy

At Wilsonart By You, the emphasis is on YOU, meaning we rely on you for your creativity as well as your artwork.

Our process is to put your vision into laminate, not our own, as such we are not a turnkey Design studio. We are here to assist you in each step of the way and will develop and execute your design according to specification; however, we do require that you provide digital artwork in the appropriate format. If a project requires internal creation (outside of the normal color adjustments and setup), Wilsonart reserves the right to charge for design work deemed necessary at **\$75.00 per hour**. Please note: No charges will be incurred without notification or approval.

Please contact wilsonartyou@wilsonart.com with any questions.
